How to Log in to Globus with Princeton NetID

1. Go to [Globus.org](https://www.globus.org). Click on “Log in”.

![Globus login page](image)
2. You will be presented with a login page. In the textbox, search for “Princeton University”.
3. Select “Princeton University” and click “Continue”.
4. You will be redirected to Princeton’s Central Authentication Service page. Enter your Princeton NetID username and password.
5. You will be redirected to Duo authentication page. Authenticate via your own Duo mechanism. Please refer to the links below for more information on Duo two-factor authentication.

- Princeton Duo Two-Factor Authentication Video Tutorial ([https://goo.gl/nWoH0X](https://goo.gl/nWoH0X))
- Princeton Knowledge Base on Duo Security ([https://goo.gl/iECt9r](https://goo.gl/iECt9r))
6. After a successful Duo two-factor authentication process, you will be presented with the transfer webpage. Now you are ready to make data transfers with Globus.
